DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brenda Holmes on 8/8/06.

The application has been amended as follows:

Cancel claims 14-16.

Allowable Subject Matter

Claims 1-4, 7-9 are allowed.

The following is an examiner's statement of reasons for allowance:

As Applicant's remarks point out in Paper dated 6/7/06, prior art fails to teach nor suggest forming a concavity nor a via hole in the second semiconductor region as recited in claims 1 and 7 in combination with the other recited elements of both claims. Consequently, claims 1 and 7 contain allowable subject matter. Moreover, claims 2-4 and 8-9 are also allowed because they depend from claims 1 and 7 and act only to further narrow the allowable subject matter therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
